

Semester Begin and End Dates

Each academic year semester begin and end dates are established for student employment. To be eligible to work during a semester you must meet the enrollment requirements for that semester. These dates are related to, but are not exactly the same as, the academic calendar.

If you are not enrolled for the prior semester, the first possible day you can begin work is the payroll semester begin date. If you are not enrolled for the following semester, the last day you can work is the payroll semester end date.
